

Job Title : Deputy Director, Clinical Research
Department : SCRI
Business Entity : SCRI

Overview

The [Consortium for Clinical Research and Innovation, Singapore](#) (CRIS) brings together five national R&D, clinical translation and service programmes to advance clinical research and innovation for Singapore, and establish important capabilities for a future-ready healthcare system. The Business Entities under CRIS include:

- [Singapore Clinical Research Institute](#) (SCRI)
- [National Health Innovation Centre](#) (NHIC)
- [Advanced Cell Therapy and Research Institute, Singapore](#) (ACTRIS)
- [Precision Health Research, Singapore](#) (PRECISE)
- [Singapore Translational Cancer Consortium](#) (STCC)
- Cardiovascular Disease National Collaborative Enterprise (CADENCE)

Together, CRIS makes a positive difference to Singapore patients and researchers by ensuring that these clinical research platforms and programmes are at the cutting edge of capability development and innovation. If you are as passionate as we are in clinical trials and research, we want you!

SCRI

The Singapore Clinical Research Institute (SCRI) is the national academic research organisation dedicated to enhancing the standards of clinical research, and coordinating clinical trials. Our mission is to spearhead and develop core capabilities, infrastructure and scientific leadership for clinical research in Singapore. SCRI also works with the National Medical Research Council (NMRC) to assist the Ministry of Health (MOH) in implementing clinical trials policy and strategic initiatives to support and develop clinical research competencies locally. In driving towards its vision, SCRI collaborates with clinicians to enhance Singapore's clinical research and strengthen its expertise in executing multi-site, multi-national studies and the development of regional clinical research networks.

What you will be working on

The Role:

You will work with a dynamic internal team to engage the various medical clusters and public-funded programmes in Singapore to enhance the clinical research ecosystem in Singapore. This will include, but are not limited to, the following:

- Design and execute clinical development plans and clinical study protocols to advance regional clinical research initiatives;
- Collaborate cross-functionally to formulate clinical development strategies to execute multi-national studies and to strengthen the synergy for national-level clinical research and translational programs;

- Establish and maintain relationships with regional and global Key Opinion Leaders and relevant groups/organisations in the clinical research ecosystem;
- Serve as a liaison with pharmaceutical, biotechnology, and industry collaborators, external vendors, and clinical sites.
- Work across CRIS Business Units to develop and establish capabilities that support clinical trials research;
- Support other national coordination efforts by SCRI.

What we are looking for

- A good bachelor's degree in health sciences or similar field. An advanced degree will be preferred;
- At least 15 years work experience in health & biomedical sciences research and/or clinical services. Experience in industry will be preferred;
- At least 10 years management experience especially in the healthcare research setting will be preferred;
- Well-organised and detail-oriented.
- Performance driven and outcome oriented
- Meticulous and good with details
- Able to communicate clearly
- Able to multi-task and work in a fast pace environment
- Team player and self-motivated

What you need to know

Successful candidate will be offered a 2-year renewable contract. Please send your application to career@cris.sg with the subject **Application for Deputy Director, Clinical Alliance (SCRI)**.
